

CLIMATE LEADERSHIP NETWORK

Mobilizing Climate Action Locally and Globally

In November 2015, the White House Launched the American Campuses Act on Climate (ACAC) Pledge with help of Second Nature. 70% of pledgers were Climate Leadership Commitments signatories

Second Nature joined Higher education presidents, students, and others in a White House roundtable for ACAC day. Nearly all presidents in attendance represented signatory schools.

Second Nature traveled to Paris for COP21, representing Climate Leadership Commitments signatories, spreading the word about their work, and hosting an event in collaboration with the University of Connecticut

Second Nature teamed up with Green Energy, a Peruvian consultancy seeking to replicate the Climate Leadership Commitments and Network in South America, sharing lessons learned, resources and best practices.
